

THE BULLDOG

Happy New Year 2024

Welcome back, we trust that you have had a great break and were able to connect with friends and family. We have come back ready to work and learn. This is the golden time of the year when students know routines and start to really grow in their academics. It is exciting to see faces when they realize that they are making sense of the text they read. Continue to keep reading at home.

January is also a time to set goals and re-establish good habits, we are encouraging everyone to be here on time and to make sure they are dressed for the weather as we go outside often.

LIBRARY NEWS

Library Books – Thank you to those that brought back your books from over Christmas Break. Please make sure to return library books each week so students can get new reading material when they come in for their library time. If you have a lost or damaged book, please make sure to send money or a cheque (made out to Yarrow) to Mrs. Falk to pay for a new copy.

Super Reader – Many students have been bringing in their 100 nights of reading so we will be having our celebration for those readers the Week of January 29. Don't worry if you're not in the first celebration as we will have another one at the end of the school year. Keep on reading and make it a goal to get at least 100 nights (or more) of reading done this year!

One School One Book – We will be starting One School One Book on January 17. Every family will be sent a copy of the book (to keep!) along with an information and schedule sheet. The purpose is to enjoy a book together as a family and to read it at the same pace together as a school. There will be trivia questions students can answer after each section for a chance to win some amazing prizes!

INCLEMENT WEATHER SCHOOL CLOSURE GUIDELINES

Information for Parents and Students

Inclement weather conditions such as freezing rain, significant snowfall or high wind can occur during the fall and winter months. In such conditions, decisions on the opening or closure of school district facilities are made by the Superintendent of Schools in consultation with management and supervisory staff who have checked first-hand on the driving conditions, walking/sidewalk conditions, and general condition of buildings and accessibility to sites. *For more details on how this is done, [click here](#).*

While service to students and parents is a priority and schools will be kept open as much as is reasonably possible, student and staff safety is the primary consideration.

In the event of extreme weather conditions, parents are urged to check the **School District website** www.sd33.bc.ca or tune into radio stations **STAR FM (98.3 FM)** or **JR COUNTRY (89.5 FM)**, to receive up-to-date information on school closures and information on bussing. Reports will start after 6:00 a.m. and will be repeated often. There is no need to call your school, the School District Office or the radio station.

When there is extreme weather and schools remain open, student attendance is the parent/guardians' decision.

A **Transportation Snow Plan** is in place for students who rely on travel by school bus and live in higher elevations such as Chilliwack Mountain, Little Mountain, Majuba Hill, Ryder Lake and some areas of Columbia Valley and the Eastern Hillside. An announcement will be made should travel in these areas become challenging due to slippery road conditions.

All inclement weather announcements will be posted on the District website www.sd33.bc.ca
