

Unit 25

waxing	waning	crescent	Moon	Earth
Sun	orbit	gibbous	season	hemisphere

- 1) Key board each word 5 times in word or Office 365. (copy and paste!) Use proper format!

- 2) Create a 3 way chart like below. Write the word, give the dictionary or online definition and draw a picture. Make sure the definition fits our study of the Earth, the Sun and the Moon. Be sure that you understand what you are writing. The picture should help you understand the meaning of the word.

Example:

Jim Smith
